ORDER

LAMAR MOORE

Defendant.

-----X
KIMBA M. WOOD, United States District Judge:

On January 28, 2021, Defendant Lamar Moore moved to reduce his sentence pursuant to 18 U.S.C. § 3582(c)(1)(A)(i), based on his alleged contraction of COVID-19. (ECF No. 91.)

No later than February 12, 2021, the Government shall respond to Defendant's motion. With its response, the Government shall provide the following information, after conferring with the Bureau of Prisons ("BOP") and the United States Probation Office as appropriate:¹

1. Whether the Government opposes Defendant's motion;
2. The BOP's assessment of the factors listed in the Attorney General's Memorandum for Director of Bureau Prisons dated March 26, 2020 as they pertain to Defendant; what risk factors for severe COVID-19 illness, if any, Defendant presents; who, if anyone, at the BOP assessed Defendant's risk factors for severe COVID-19 illness; and upon what specific information that person's assessment was made;
3. The criteria used by the BOP to decide whom to test for COVID-19 at FCI Hazelton, where Defendant resides;
4. Approximately how many tests for COVID-19 have been conducted at FCI Hazelton;

¹ The Court recognizes that the Government provided similar information in response to Defendant's initial motion for compassionate release. (ECF No. 75 at App. A.) Because several months have passed and Defendant alleges that he has recently contracted COVID-19, the Government shall provide updated information as necessary.

5. The number of inmates and staff who have tested positive and the number of inmates and staff who have tested negative for COVID-19 at FCI Hazelton, both as absolute numbers and as a percentage of the total population of inmates and staff at FCI Hazelton;
6. The number of inmates and staff currently infected with COVID-19 at FCI Hazelton;
7. Whether Defendant has been in close proximity to any inmate or staff member who has tested positive for COVID-19;
8. Whether the BOP tested Defendant for COVID-19 after he exhibited the symptoms described in Defendant's motion;
9. Whether Defendant received treatment for the symptoms described in Defendant's motion and, if so, a description of such treatment;
10. The Government's assessment of the factors set forth in 18 U.S.C. § 3553(a) as they pertain to Defendant;
11. Defendant's disciplinary record in prison, risk of recidivism, risk of violence, and any changes to the conditions of supervised release that should be made in the event Defendant is released;
12. Upon what specific facts and information the BOP relied in denying Defendant's request for a reduction in sentence;
13. Whether the BOP has considered or intends to consider Defendant for home confinement or furlough; by what date the BOP expects to make a determination regarding home confinement or furlough; and upon what specific information the BOP's determination will rely.

SO ORDERED.
